## From The Superintendent's Desk — By Mr. Freeman

For the past month it seems like Mother Nature has been teasing us with a few nice days followed by a brief taste of winter. The weather was more like summer this past weekend, but it looks like we may be entering a period where we will have cooler temperatures and possibly some rain or even snow. Either way, with May just around the corner we are rapidly moving toward summer.

### END OF THE YEAR

The school year is rapidly approaching the end. As the weather gets nicer and the days get longer, it is sometimes difficult for students to concentrate on their studies. This is where we need to work as a team and encourage everyone to finish the year with a strong academic performance.

With graduation just around the corner on May 12, many seniors are counting the days until they get out of school. This year's senior class has done an outstanding job in the classroom and in their activities. Please encourage the seniors to finish out the year with class and thank them for all they have done to make this an outstanding school year.

### TECHNOLOGY

At the April school board meeting, the board authorized

the purchase of \$150,000+ worth of technology to upgrade or replace older equipment and increase access for all students in grades K-12. If everything goes as planned, all technology will be in place and ready for students to use when they return in the fall.

### "Walk-for-Education"

The first annual "Walk-for-Education" was held this past Friday. The weather was beautiful and all involved

## Embarking on a New Journey

*By Steve Borer, Principal 7-12*

As the end of the school year quickly approaches, our students' minds start to transition to different thoughts. Many students will think about upcoming family vacations or about their summer employment. But a very special group of seniors will have thoughts much different than their peers and much different than the thoughts that they have had in years past, because once this summer starts they will face new issues, opportunities, and choices.

To me Lakeview's senior class embodies what is remarkable about our community. This group of students is brimming with talent that exists in a wide range of forms and characteristics. Some of our sen-

iors are great athletes, some are great speakers, some are talented artists, writers, and musicians, some are caretakers and dutiful citizens, and all of them have more than one of these dignified qualities. Our seniors are a small representation of our community, and they represent us well.

As these seniors embark on a new journey in their lives, one less controlled, filled with opportunity and choices, it is my sincere hope that we have provided them

seemed to enjoy the day. The initial figures indicate that in excess of \$2,000 was raised for scholarships for Lakeview High School graduates at this event. Many prizes were awarded to those students that returned pledges and all students that were involved in the wellness walk received a complimentary water bottle. The start up costs were provided by the following businesses: **Kubler Management** (Rick Kubler), **Rambour Realty Company** (Mike Rambour), **Columbus Tire & Service Center** (Bob Stachura), **Smith Hayes Financial Services** (Brian Bunkers), **McDonalds** (Dennis Hall) & **Image Tech & Printing** (Stacy Hollendieck). Without the generous support of the above listed businesses this event would not have been successful.

### INPUT

I appreciate the input patrons of the Lakeview District have provided during this past year. Your input is important and does make a difference on decisions made concerning the direction of the district. Many decisions will need to be made in the near future and your continued input will be necessary to develop a positive direction for the Lakeview District. Lakeview Community Schools have always been a leader in education. Any decisions made today will determine the status of the district in the future.

with the skills necessary for success after high school. I hope that we have enabled them to think and reason. I hope that we have effectively taught them how to read and write fluently. I hope we have instilled in them concern for others and a desire to care for themselves and their world. I hope that we have taught them how to learn, because lessons are not always taught in classrooms. I also hope that they know that we

send them on with our support and faith, confident that we believe in them and expect them to do great things.

I would also like to thank four of our teachers who are planning to embark on their own new journey. Mrs. Zach will be embarking on a new journey to Elkhorn, she has accepted a teaching position at Elkhorn High School where she can be closer to her daughter. Mrs. Zach has taught at Lakeview for 10 years and has done an excellent job of teaching

our seniors how to read and write while preparing them for college. Lakeview seniors can be very thankful they were able to receive Mrs. Zach's instruction.

Mrs. Hueschen is embarking on a journey of retirement, her husband retired this year and the time seems right to spend with her family. Mrs. Hueschen has worked for Lakeview as a teacher for 9 years, she also worked as a full time sub for the district for a few years prior to this.

(Continued on page 3)

(Continued from page 2)

Mrs. Hueschen taught English, FCS and has served as a Title 1 coordinator. Mrs. Hueschen is a caring teacher who had a great impact on the hundreds of students who attended her classes.

Mrs. Ferguson is also embarking on a new journey of retirement, she has taught at Lakeview for 4 years,

she has served Lakeview's Special Education students and did so with a kind heart.

Mrs. Stogdill has been our K-12 media specialist for the past two years. This past year she has faithfully been commuting from Blair, NE. This commute can be weary and takes her away from her precious family time. Mrs. Stogdill has accepted a position at Fremont Public

Schools where she will be closer to home. Mrs. Stogdill will no doubt have a positive impact on the students in Fremont, just as she did here at Lakeview.

I wish all four of these teachers good luck on their new journey and thank them for their service to Lakeview.

## REALITY 101 – WELCOME TO THE REAL WORLD!

*Mrs. Jan Went, Introduction to Business Communication Instructor*

Introduction to Business Communication (ITBC) 9<sup>th</sup> grade students learned some valuable life lessons in the first Reality 101 event held Monday, April 22 in the gym. The event was made possible through the partnership between Lakeview Community Schools and the Columbus Area Chamber of Commerce Drive for Five. The goals of the event were to introduce real-life financial scenarios to the students; teach students the differences between needs and wants, and teach financial planning and responsibility.

Prior to the event, the ITBC students were lead through an online interest inventory designed by Nebraska Career Connections. This inventory helped them discover their strengths and interests, and finally, match them with a career that best suits them. Students then took turns “drawing” for a career, marital status, and number of children. Additionally, they drew to find the percentage of health insurance coverage they were being provided. This information was then transferred into a register where they added their monthly income with their spouses income (if married) and then deducted taxes. Whatever was left became their beginning balance.

Armed with clipboard, paper, pencil and calculator, students proceeded to the gym which had been transformed

into a “reality store”. Students were required to visit several booths considered to be “needs”. These booths included housing, groceries, utilities, banking, and child care, if applicable. If they had enough money left, they could then proceed to the optional booths considered to be “wants”. These booths included phone service, internet/cable, pets, vacation, entertainment, medical/dental, legal, auto, auto maintenance and fuel, furniture and appliances, and insurance. If they ran out of money, a visit to the Job Service booth or bank loan department was in order.

Just as life throws us curveballs when it seems everything is running smoothly, students were required to spin the “Wheel of Fate” two times. More often than not, fate, rather than fortune came up on the big wheel. These scenarios ranged from breaking your leg on a ski trip, to receiving a gift of \$1,000 from grandma.

A post reaction paper was then completed by each student participating in the event. Students shared their thoughts on the experience and what they learned from it and how they can take this and apply it in their own lives now and in the future. Comments emerging from this follow up activity included:

“I know I’m not ready to be an adult yet!”

“I really appreciate what my parents do for me a lot more!”

“I now know how important getting an education is so I can get a job in the career I really want!”

Judging by these and many other comments, I believe the goals and objectives of the day far exceeded our expectations!

Many thanks to the business and community members who volunteered to give of their time and lending their expertise while manning the various booths. Also thank you to Dee Pohl, Columbus Chamber Drive for Five Coordinator and Mr. Steve Borer, Principal for coordinating the event, and Mrs. Amy Lyons, Guidance Counselor for assisting with the career interest inventory surveys.

## Athletic Physical Night

All students planning to participate in athletics during the 2013-2014 school year, must have a signed athletic participation/physical form on file at the high school office.

On Monday, May 13, 2013 from 5:30-7:30 p.m. the Columbus Medical Association is again offering

our students the opportunity to obtain their physical for next year. Any student who will be entering grades 8 through 12 (2013-2014 school year) can attend. Incoming 7th graders will receive their information at orientation. Future 8th, 9th, 10th, 11th, and 12th graders will receive theirs in the mail the week of May 6th.

## **Spring Semester Exam Schedule**

### **May 15<sup>th</sup> & 16<sup>th</sup>**

- Students may opt out of their semester exam pending the approval of their teacher if they have demonstrated proficiency with a semester average of **96%**. There are no limitations on the number of exams students may opt out on.
- Students who opt out of their exam(s), have open campus but should not be loitering in the building.
- There are no study hall periods on Spring semester exam days.
- TA's are expected to be with their supervising teacher, any different schedule must be worked out with your teacher.
- School lunch will be served on May 16<sup>th</sup>. Students cannot leave for lunch unless they have been allowed to opt out of their exam for 4<sup>th</sup> period or 5<sup>th</sup> period.

#### **May 15<sup>th</sup>**

1<sup>st</sup> period: 8:10-9:10  
 2<sup>nd</sup> period: 9:15-10:15  
 3<sup>rd</sup> period: 10:20-11:20  
 Lunch: 11:20-11:50  
 4<sup>th</sup> period: 11:50-12:50

## **Attention Junior High Parents:**

**You are invited to the 7<sup>th</sup> and 8<sup>th</sup> grade**

**Awards Ceremony and Reading Challenge celebration!**

**We will begin the Awards Ceremony at 10:00 a.m. on May 15<sup>th</sup> in the East gym.**

**Students will be dismissed after the celebration and students riding the bus will be picked up at 11:30 a.m.**

## **Junior High Student Council activities**

This year's Junior High Student Council members are Cole Tessoroff (president), Bailey Sloup (vice president), Jack Reeg (secretary), Brooklyn Wilke (treasurer), Erika Loseke, Morgan Iverson, Jessica Kapels, and Morgan Bignell. We started the year off celebrating Red Ribbon Week. Red Ribbon bracelets and pencils were given to all students to remind them to, "Say no to drugs". Prizes were given two times a day to students exhibiting the theme of the week. The culminating activity on the last day was a scavenger hunt for all of the team time teams. All students won prizes of "smarties".

For our Christmas project, we had a "Jars for St. Jude"

again this year. The students brought money to donate to St. Jude Children's Hospital. This year they raised \$720 which was over double the amount collected last year!

In February we celebrated Valentine's Day. We sold orders for valentines, cupcakes, and rice krispie bars. We delivered the orders on February 13<sup>th</sup>. Toward the end of February, we started selling suckers for \$.75 each after school on Thursday and Friday. So far it has been well received!

Our final project of the year will be a bake sale on May 7<sup>th</sup> before and after school. Prices for the items will range from \$.75 to \$1.50. Hopefully we will have a big turnout!

**MATH COUNTS members this year were (from left to right) Blake Langmack, Mallory Gotschall, Megan Morton, Marina Jimenez, Kayleen Kouma, and Devin Sprunk.**

## Seniors ... borrow wisely for college!

Review these tips before you decide how much to borrow in student loans:

- Borrow only what you need, even if it's less than the amount offered in your award letter.
- Try to use your student loan money *only* for tuition, books and fees. Get a job during college to pay living expenses.
- Compare the estimated starting salary of potential careers to your estimated college debt to ensure you can afford future loan payments.
- File the FAFSA at [fafsa.gov](http://fafsa.gov) each year you attend college.
- Continue to look for scholarships while you're in college.
- Keep track of your student loan debt throughout college at [nslds.ed.gov](http://nslds.ed.gov).

To learn more about student loans, see the [“Paying for College” section](#) at [EducationQuest.org](http://EducationQuest.org). Use the [Student Loan Repayment Calculator](#) to estimate future loan payments.

## Making the transition to college...

Seniors, check out the [“Students Transitioning to College” section](#) at [EducationQuest.org](http://EducationQuest.org). You'll find information about:

- Wrapping up your senior year
- How to manage your money
- Selecting a major
- What to expect your freshman year of college
- Helpful apps to download before you head to college

## Juniors... what you can do this summer to prepare for college!

- **Start narrowing your college choices.** By the fall of your senior year, you should have narrowed your choices to three or four schools. Visit some college campuses this summer and check out college websites.

• Watch some videos. EducationQuest's [“Find the Right Fit”](#) video features two high school seniors who go through the process of finding colleges that match their career interests. The [“Go.Visit.College!”](#) video provides campus visit tips from college students and college representatives. Find them in the [“Videos” section](#) at [EducationQuest.org](http://EducationQuest.org).

- **Look for scholarships** — Check out [ScholarshipQuest](#) at [EducationQuest.org](http://EducationQuest.org) which has over 2000 local and statewide scholarships. You should also pay attention to the scholarships that seniors are earning.
- **Update your [Activities Resume](#)** at [EducationQuest.org](http://EducationQuest.org). Include extracurricular activities, honors, awards and part-time jobs.
- **Find a summer job to help pay for college expenses.** Ask prospective employers if they offer education assistance programs.

## May “To Do” List

### Seniors

- \_\_\_ Apply for student loans, if necessary.
- \_\_\_ Register for freshmen orientation at your college.
- \_\_\_ Start a list of dorm room essentials.
- \_\_\_ Get a summer job to help pay college expenses.

### Juniors

- \_\_\_ **[Register](#) by May 3 for June 8 ACT.**
- \_\_\_ **Continue campus visits.**
- \_\_\_ **Get a summer job and save for college.**

**BEHAVIOR:** Students will be warned only once per session concerning unacceptable behavior, which will include excessive talking, tardies, not completing assignments, disrupting other students, disrespect for others, etc. The second time a violation occurs, the student will be sent home. If dismissed twice, the student will be placed on probation and the next violation will be cause for permanent expulsion. If expelled, no money will be returned.

An 80% or above is required on all work or it must be redone and/or the student must go over the work with a supervisor. Students will be given daily assignments, and will not be allowed to leave until the assignments have been completed. Homework will also be given as agreed. Students will contract for a C or D to replace an F as this is remedial work.

**ATTENDANCE:** Attendance is mandatory. Anyone missing more than three sessions will be in grave danger of losing credit. Tuition will not be returned nor credit granted. Excessive (3 or more) tardies equal a day missed.

I agree to the behavior, grade procedure, and attendance regulations, and will abide by them.

# State Speech

one-act play *Going to School* by Ed Monk were consistently strong enough to beat the other 18 competitors in the one day tournament held on March 21<sup>st</sup>. This gives Lakeview two state medalist in the last two years, as Brandon Campbell was state runner-up in entertainment speaking in 2012.

Blaser was one of six participants in the state contest joining Whitney Coop, Carol Crabtree, Taylor Engel, Josie Grimes, and Melissa VanDerslice. He was the only competitor to make it into the medal round, but Crabtree, Engel, and VanDerslice just missed out, finishing in the top ten in their events. Head Coach Quinten Lyon would like to thank the members of the team, the assistant coaches, and the Lakeview community for contributing to a successful speech season in 2013.

# Language Club News

On March 24, 7 Lakeview students and their sponsor, Mrs. Brock headed out on an exciting trip to Costa Rica.

The tour started in San Jose where the group visited a Nature Preserve where they learned about native plants and animals such as sloths and iguanas. Next they had an incredible day zip-lining through the rain forest and visiting a recreation of a native village. They hiked through the forest to the top of a volcano where they

looked down on the steaming hot rock inside. They also swam in pools heated by the water coming out of the volcano and swam under a 250 foot waterfall.

Crossing the continental divide, they had the chance to go horseback riding through sugar cane fields and spent a day swimming in the Pacific. They learned a lot about Costa Rica's economy, conservation efforts, farming, science and got to see their Spanish in a real-life setting. Thanks

to anyone who helped support them in any way.

The next trip for the Language Club will be in the summer of 2014, and will visit Poland (Auschwitz Concentration camp), Hungary, the Czech Republic, Germany and Austria. Please contact Mrs. Brock ([lbrock@esu7.org](mailto:lbrock@esu7.org)) if you would like more information about joining this tour. Adults from the community are welcome!

## National Honor Society News

The National Honor Society each year sponsors a spelling bee for area schools. Each year more than 100 area elementary students come to Lakeview to compete. This year the spelling bee was held on April 9.

New members for the Honor Society will be announced at Honor's Night. All Sophomore and junior students who had at

least a 93% overall average were asked to complete an information form which listed their leadership roles, community service, and ideas to improve our school. These forms were given to a faculty committee who reviewed them and chose the students they felt best demonstrated the characteristics required for membership.

# Nebraska Ag in the Classroom

By Jennifer Osten

Agriculture in the Classroom (AITC) is a nationwide educational program to help students develop awareness and understanding that agriculture is our source of food, clothing, shelter and other essentials of life. In Nebraska, the program is managed and funded by the Nebraska Farm Bureau Foundation for Agriculture, a nonprofit, tax-exempt organization

with headquarters at the Nebraska Farm Bureau office in Lincoln, Nebraska. The program provides resources and training to K-12 teachers on ways to use agriculture as the vehicle to teach across existing curriculum.

The second graders have participated in two different programs through Bailey Kobs, the Agriculture in the Classroom Program Assistant. The first was Ag Pen Pals. Our class was paired with the Gothenburg FFA Chapter to exchange letters. The high-school students shared information about what they are learning in their

classes on livestock and also sent us packets about farming in Nebraska.

The second program was a three-session Skype conference on soybeans. The class video chatted with Bailey, where she explained the process farmers go through to plant, harvest, and then sell or feed their soybeans. The kids learned how a planter and combine work, what a bushel and an acre are, and all the products we get from soybeans. We all learned something new and have greatly enjoyed both of these opportunities.

## PTO NEWS...

## TRACK & FIELD DAY

On Thursday, April 4<sup>th</sup>, Shell Creek PTO sponsored a Track & Field Day for all grades at Lakeview High School. Shell Creek parents and students from Lakeview High School and Junior High were on hand to help with events.

Kindergarten-2 grade events were: sack race, base relay, 40m dash, 70m dash, standing jump, soccer ball kick and softball throw.

Grades 3-6 events were: sack race, 4 x 100 relay, 40m dash, 100m dash, 200m dash, soccer ball kick, football throw, long jump and standing jump.

# Lunch News!

The second week of April brought something new to the cafeteria for Shell Creek students and staff. A new salad bar! Students now are given a variety of choices to meet the fruit and vegetable requirements. Hot vegetables are offered in the serving line and they may also get other vegetables off the salad bar in addition to fruit.

According to Jenny Sloup, Food Services manager for the Lakeview District, "The whole point behind the fruit and veggie bar is to introduce and to encourage healthy eating habits and try to get students to try new foods." From the looks of the salad bar at the end of the last lunch period, it appears Jenny has accomplished this.

## 5<sup>th</sup> Grade Trip

On April 2<sup>nd</sup> the 5<sup>th</sup> graders at Shell Creek Elementary went on a fun field trip to Lincoln. They went to the Nebraska State Capital. They learned about the various mosaic murals on the walls, the Rotunda floor, the vestibule and how it represents the universe, the

marble columns, and how much they weighed. They were also announced to the members of the legislature.

Next, they went to the Nebraska State History Museum. This included seeing how Nebraskans lived at the time of World War 2. The 5<sup>th</sup> graders also learned about Native Americans and how they lived by using bison, buffalo, and natural resources.

The 5<sup>th</sup> graders had a great time in Lincoln learning about the Nebraska State Capital, World War 2, and Native Americans. Mrs. Blaser and Mrs. Snyder accompanied the 5<sup>th</sup> grade on their field trip. We hope that next year's class will get to go on this educational and fun-filled field trip!

## Autism Awareness Day

Blue Balloons flew high in the air as students cheered for Autism Awareness on April 15. Kris and Kirk Johnson's family and friends celebrated with the students, especially the 6<sup>th</sup> grade, where their autistic son, Noah, is a classmate.

The 6<sup>th</sup> grade class spent time decorating t-shirts with puzzle designs and raising awareness about their friend, Noah. A video was shown before the balloon launch explaining autism. Students enjoyed learning about Noah and other students who have autism. They learned about the autism spectrum; the different levels of autism and how it affects the people who have it.

As a school, we are so happy to have had Noah here since kindergarten, and we wish him the best as he continues into Jr. High and beyond! We have learned so much about autism and are better informed because of Noah. He is an amazing boy!!

## Platte Center Elementary Awarded Youth Philanthropy Grant

Filling out mounds of paperwork proved beneficial to a group of Platte Center students and their principal. Through the Columbus Area Community Foundation, Platte Center Elementary's Student Council was awarded a \$1,000.00 grant to be used to beautify the park and playground in the Village of Platte Center.

The Foundation asked Platte and Colfax county youth, "How can you make a difference in your community?" Platte Center responded with pictures of buildings and bleachers that need renovation and paint, explaining how our principal, Daryl Schrunk, and youth volunteers from our school will rise to the challenge to "make a difference".

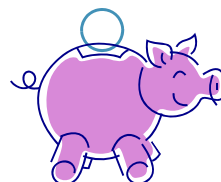

On April 8<sup>th</sup>, at the Columbus Chamber of Commerce Banquet held at the New World Inn, Platte Center Student Council had display outlining their project and was recognized as one the recipients of the Youth Philanthropy Grant. One of the highlights of the evening was meeting Governor Dave Heineman and having pictures taken with him.

Congratulations to Mr. Schrunk, the Student Council and other student and parent volunteers! Your efforts this summer will make a BIG difference to our small community!!

**Platte Center Bank of the Valley** awarded students recently for saving at the Bank branch at Platte Center Elementary. Newest savers, Chelsey Martinez and Will Becker received piggy banks. Reaching Level 1 and receiving a pencil and ruler were: Blake Barcel, Erick Bello, Grace Berkeland, Cece Dohman, and Sylvia Walters. Level 2 awards of a \$5 McDonald coupon were earned by: Angel Alonzo, Erick Bello, Blake Barcel, and Kathy Luebker.
