From The Superintendent's Desk — By Mr. Freeman

The school year is officially underway at Lakeview this week. Even though some students and staff will tell you that the summer went by too fast, most all of them are ready to return to school and get back into a normal routine. As I write this article we have just completed the second student day. We have an increase in enrollment, as there have been many new students that have registered throughout the summer and during the past two weeks. Exact enrollment numbers will be given to you in the next newsletter, but it looks like we may be up 30 or more students throughout the whole district.

The school year seems to be off to a great start and I would like to welcome the returning and new staff to the 2013-2014 school year. This year we have added the following individuals to the Lakeview staff:

- Steve Eckholt as night custodian at Lakeview
- Rachel Maher as a special education para-educator at Platte Center
- Theresa Frauendorfer as administrative assistant to the superintendent
- Sarah Borgman as special education para-educator at Plate Center
- Joe Haschke as high school science teacher at Lakeview
- Kim Wollenberg as K-12 media specialist
- Kelly Schaad as high school English teacher at Lakeview
- Alicia Blumenthal as elementary teacher at Shell Creek
- Erica Zywiek as elementary teacher at Shell Creek

(See Superintendent — Continued on page 2)

Student NeSA Reports, Coming Soon!

Steve Borer, Principal 7-12

By the time you read this article you may have already received your child's individual NeSA student report. This article is written to inform you of the report and also to include some information that I hope is beneficial to you as you read and interpret your child's scores. NeSA stands for Nebraska Schools Accountability, as a part of the Nebraska state accountability system every student's parents/guardian in grades 3-8 and 11 will receive an individual report on how their child or children did on last year's

NeSA-Reading, Math, Science and Writing test. Students in grades 3-8 and 11 were all assessed in Reading and Math. Students in 5th, 8th and 11th grade were also assessed in NeSA-Science and students in 4th, 8th, and 11th were assessed in NeSA-Writing.

It is important to remember that these tests are summative in nature, meaning they are taken one time at the end of the year. It is a snapshot of a student's performance, at that time. Over a longer period of time the data provides a clearer picture of how your child is performing. This year the

report includes Reading and Math scores for students in grades 3-8 and 11th. The report also includes Science scores for students in the 5th, 8th and 11th grade and Writing scores for students in 4th, 8th and 11th grades.

(Superintendent — Continued from page 1)

- Jordan Went as family consumer science teacher at Lakeview
- Dan Kruger as high school special education teacher at Lakeview

Changing positions:

- Kim Loseke as elementary interventionist at Shell Creek (was a special needs para-educator at Platte Center)
- Amy Green as elementary special education teacher at Platte Center—was a special education para-educator at Platte Center

If you have the opportunity, please welcome the new staff to the Lakeview District and wish all of them good luck in their new positions.

A big thank you to the board of education for approving several improvements/purchases that will be put into place this school year. Some of the improvements are the addition of additional technology (computers, ipads, etc.); the financial investment in a training that will improve instructional methods and positively affect student achievement; new carpet in a couple of rooms; additional cement area south of the Shell Creek building to help with drainage; additional parking at Shell Creek; cement work on the north side of the Platte Center building; a new concession stand and press box at the baseball/softball field and a new (used) coach bus. These improvements will continue to keep our school district as a leader in educational programs, facilities and being a great place for our students to learn and grow as they prepare for the future.

We also need your help with the traffic flow when dropping off and picking up students or parking at our schools. Each school has particular guidelines on traffic flow, parking and

dropping off/picking up students. Please take time to learn and understand those procedures. Drive safely and give yourself extra time when traveling to and from school as all of us are getting use to the daily routine.

Our district should always have a goal to improve the sportsmanship of our athletes, coaches and spectators. As the fall sports season gets back into full swing, please keep this goal in mind. Everyone has high hopes for their teams and individuals as we head into the season. As you cheer for your favorite team and individuals, please try to keep the whole situation in perspective. These are high school/junior high school students trying to do their best. Please be a positive fan, cheer for your team and give respect to your opponents and the officials. Keep sportsmanship in mind as you cheer your team on to victory. I would highly encourage you to join together in an effort to improve our school district's sportsmanship.

At the time I am writing this article, we are currently working on the budget for the 2013-2014 school year. Last year our total budget was set at 83 cents/\$100 dollars of valuation, which included the \$5.4 million dollar bond issue. It is the goal of the board to provide a quality education for each student while watching the taxpayer dollar. Keeping that in mind, next year's budget will be kept to a minimum tax asking.

NCLB NOTIFICATION

Parents/Guardians in the Lakeview Community School District have the right to learn about the following regarding their child's teacher's qualifications: state licensure status, special endorsements for grade level/subject area taught, and baccalaureate/graduate certification/degree.

Parents/Guardians may request this

information from the Office of the Superintendent by calling 563-2345 or sending a letter of request to Office of the Superintendent, 3744 83rd Street, Columbus, NE 68601.

CHILD FIND

Child Find is a service to assist children with disabilities and their families. It is a law in Nebraska that educational services must be provided for children with disabilities, from birth or date of diagnosis through the school year in which the student becomes 21 years of age. If you know a child who is not currently being served, please call the Lakeview Community School District Superintendent's Office at (402) 563-2345.

**** ATTENTION PARENTS ****

If you have a:

- Kindergartener
- 7th grader
- New student to our school

We need all required forms to be turned in.

What's Happening in 9th Grade Language Arts?

The freshman are off and running in English 9! We will begin our year with Accelerated Reader (AR) and the five paragraph essay. Next, we will work on grammar, weekly vocabulary, and John Steinbeck's *Of Mice and Men*.

An exciting addition to our curriculum this semester is *The 7 Habits of Highly Effective Teens*. This will be taught by Lisa Kaslon once a week until December. The freshmen will really benefit from this and are very excited!

Every week, the students take a vocabulary quiz on Thursday and an occasional grammar quiz on Friday. The freshmen have every Friday to read AR.

This year, the freshman will be creating a project each quarter sharing one book they read. They have a choice between four projects. It is a fun and exciting way to share the great books the students are reading. The project allows students to earn an additional five points for A.R. It will also be graded separately.

A reminder to all parents that A.R. is worth 15% of each quarter grade. Please encourage your child to read when they have some free time at home!

Below is a list of materials we will be covering this year:

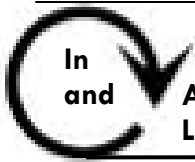

- Weekly Vocabulary
- Weekly Grammar
- Essay Writing
- *The 7 Habits of Highly Effective Teens*
- *Of Mice and Men* (a novel)
- *Our Town* (play)
- Shakespeare's *Romeo and Juliet* (poetry and play)
- Homer's *The Odyssey* (epic poem)
- A research paper (team taught with Mrs. Blaser)
- AR along with a project and presentation about one book read during each quarter.

*A copy of the Nebraska Language Arts Standards can be found on my teacher webpage.

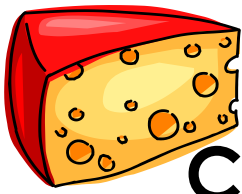

Below you will find the grading scale for freshman AR. The first due date is October 18thth. Remember that AR is worth 15% of the quarter grade.

Freshman AR

A = 30 or more points		B = 18 or more points		C = 9 or more points		DUE DATES:
