## From The Superintendent's Desk — By Dr. Plas

The old saying goes that the “grass is always greener on the other side,” but I think the more appropriate saying is “the grass is always greenest where you water it.” As spring begins to finally show around our community, after a long and brutal winter, we are beginning to see green pop out all around us. This got me thinking about these old sayings and how they relate to our successes and failures.

Society has a tendency to expect everything and for it to be instant. We can't help it! As we become more dependent on technology and the internet, we are used to getting information and results immediately without putting in a whole heck of a lot of effort. But unfortunately, not everything in life works that way. There are several areas that we will not get “green grass (results)” without a lot of “water (work)”. Education and all it encompasses is one of those areas that we will never get the results without putting in the extra work. Getting good grades, scoring well on the ACT, having deep relationships with peers, being a starter on the sports team, making nationals for your academic organization, being the lead in the play, winning games/contests in activities, and most all education related activities demand you put in the time and effort to be successful. There are no easy and instant ways to success in education and activities. We must put in the time and effort year-after-year to yield the results we all want and expect!

So as we go into the home stretch of the school year and begin our summer break, I encourage you to think about where you are “watering (working)” to ensure “green grass (results)”. Lakeview has a strong tradition and great sense of pride in community, our school system, and our children. To ensure we continue our successes and achieve even greater we will need to roll up our sleeves and get to work. But that is second nature to our great community!

## Apples for the Students

Thank you to the patrons of Lakeview Junior Senior High for your support of the Apples for the Students Program. This is the first year the Junior Senior High has participated in this program which began September 1<sup>st</sup>, 2017 and concluded March 3<sup>rd</sup>, 2018. During that time period, our friends, relatives and supporters of the Lakeview District sent in or deposited the receipts from their purchases in our bucket provided at our local Super Saver grocery store totaling \$41,813. Upon completion of the program, our school was able to go to the online store and purchase items from the catalog. This year we purchased 2 – HamiltonBuhl 3D Magic Pens and a set of Virtual Reality Goggles with built in stereo headphones. If your student is interested in checking out these fun learning items, they can be found in the school's library.

Our Artist of the Month is Taylor Brewer, a senior in Advance Art. Taylor's parents are Maria and Travis Brewer. She said "I use a lot of the primary colors in my art to make it kind of pop and contrast with each other Simple. Everyday things are what I like to draw and show."

# Check with common sense

For concerns about apps, movies, television, computer games, or anything related to digital media, check out [commonsensemedia.org](https://commonsensemedia.org) for parent-friendly, research-based information and recommendations. This site is definitely one for all parents to bookmark.

## Make Room for Healthy Media Choices

**Use screens sparingly with kids 2 and under.**

- No studies have demonstrated a benefit to early exposure to TV and movies.
- Kids need direct contact with adults and other children for healthy brain growth and language development.
- "Background TV" has been shown to limit parent-child interaction.
- Reading out loud to children from birth will enhance their development.

**Limit screen time to one to two hours per day.**

- Playtime helps build problem-solving skills, encourages creativity, and develops fine and gross motor skills. Plus it's fun!
- To determine kids' maximum daily screen time, total up use from all screens (smartphones, tablets, TV, computer).

**Choose age-appropriate, quality content.**

- Violent media has a serious impact on children. For example, media violence is one of many risk factors for increased aggressive behavior. Comic violence is particularly dangerous, because it associates positive feelings with hurting others.
- Certain kinds of media can be beneficial for children. Thoughtfully designed apps and games offer learning potential for both academic subjects and life skills.

**Designate bedrooms "screen-free zones."**

- Kids who have TVs and other electronic devices in their bedrooms have an increased risk of fatigue, lower test scores, weight gain, and substance use and abuse.

**Stay involved in your kids' media habits through co-viewing.**

- Talk with your child and watch, listen, and play along with their shows and games.
- Remember, you are your kids' media role model. Put your own screens away when spending time with kids.

**Create a plan with firm but reasonable rules about your family's media use.**

- Make a family media agreement with input from your kids.
- Enforce screen time limits and bedtime "curfews" on electronic devices.
- Pledge not to text and drive.

# College Planning Bulletin

*A monthly college planning guide for Nebraska high school students*

April 2018

---

## Seniors...It's decision time!

Here's how to make your final college decision.

Compare your college acceptance letters, financial aid award notifications, and campus visit notes. List the pros and cons of each school using the following criteria:

**Location** – Is the college too close? If you come home every weekend, you won't experience true campus life. Is the college too far away? If so, you may not make it home as often as you'd like.

**Cost** – Can your family afford the school? What can you expect for financial aid beyond your freshman year? Did you receive renewable scholarships? How much in [student and parent loans](#) will you need to borrow to cover expenses?

**Academic program** – Which college offers the degree program that best fits your career interests? What happens if you change majors? Does the college offer other degree programs that interest you?

**Student life** – Does the school offer activities you will enjoy? Do you like the living arrangements provided by the school? Will you have an opportunity to work on or near campus?

Make your final decision by **May 1** and then notify the colleges you're rejecting so they can offer your spot, and financial aid, to another student.

---

## Juniors... these questions will help you narrow your college choices

By narrowing your college choices now, you'll be better prepared to apply for financial aid and college admission early next fall. Start by answering these questions.

### What do you want to study?

Explore your [career interests](#) and then research colleges that offer programs in areas you may want to pursue. Use college selection tools like [College Profiles](#) at **EducationQuest.org**.

### What kind of school do you want to attend?

Do you prefer a large university or a small college? Are you interested in a community college? What kind of student/teacher ratio do you want?

### Where do you want to go to college?

Do you want to live close to home or far away? Do you want to be in a major city or a small town? How big of a factor is out-of-state or private school tuition? If you want to go out of state, investigate programs like the [Midwest Student Exchange Program](#) which may provide discounted tuition.

### What can you afford?

Consider overall costs: tuition, room and board, books, transportation, and personal expenses. (See "[About Nebraska Colleges](#)" for costs.) Determine what you and your parents can afford to pay out-of-pocket and plan to apply for financial aid to help make up the difference. Calculate [the loan debt](#) you and your parents may need to incur to pay for your college education.

For more details, see [Selecting a College](#) at **EducationQuest.org**.

### College fairs coming up in South Sioux City, Lincoln, and Omaha

Talk to representatives from colleges across the state, region, and nation during upcoming college fairs.

[Tri-State Area College Fair](#) (South Sioux City) – Sunday, April 15, 1-3 p.m., Delta Hotel Center (formerly Marina Center)

[Lincoln Area College Fair](#) – Sunday, April 22, 1-3 p.m., Southeast Community College

[Omaha Area College Fair](#) – Sunday, April 29, 1-3 p.m., University of Nebraska Omaha Sapp Fieldhouse

Before you attend, get a barcode at [NebraskaCollegeFairs.org](#). Print the barcode (or download it to your smartphone) and take it to the fair so college reps can scan it.

### April "To Do" List

#### Seniors

- \_\_\_ Continue applying for [scholarships](#).
- \_\_\_ Make your final college decision.
- \_\_\_ Start purchasing dorm essentials.

## Lakeview Speech Team Captures Second Straight State Runner-Up Title

While climbing the same stage where she had joined her team to receive a trophy just a year before, Lakeview High School junior Madison Schwarz felt pride in knowing that this time was different.

All of the school's competitors at last week's NSAA State Speech Tournament in Kearney felt it too. For the second straight year, the Lakeview speech team earned the title of Class B runner-up. For the second straight year, they finished behind Central Conference rival York. This time, however, they needed to do it without a single returning state medalist.

And from the beginning, they knew that they would have to do it collectively.

"Coach told us before the season that we have never gone backwards, so together we were determined to not only sustain last year's success, but to get even better as a team," said Schwarz, who was the team's leading point earner by placing fourth in Serious Interpretation and third in Persuasive Speaking.

Thursday's results speak to that determination. The Viking speakers cut champion York's margin of victory down by 40 points from the previous year, and—after finishing tied for the second spot in 2017—distanced themselves from third-place Gering by 16 points. They attribute the gains to becoming more balanced as a team.

"On paper it might look the same, but last year we had just three people, all seniors, place at the very top of their four events" said Junior Savanna Denton, who by finishing fourth in Persuasive Speaking joined a group of nine Lakeview students who placed a total of seven events. "We might not have all gotten the rankings we wanted individually, but as a team we showed that Lakeview is a force."

Individually, though, a number of Lakeview speakers had a remarkable day. This includes Senior Madelyn Hogeland, the recipient of a fifth place medal in Informative Speaking and a third place medal in Interpretation of Poetry.

"Before this year, just placing at state in any event would have exceeded my expectations," Hogeland said. "But placing in two and contributing to my team's state runner-up trophy makes me very happy."

Another Senior, Kathleen Howland, believes her fifth place finish in Entertainment Speaking will serve as a reminder of how to overcome adversity.

"It shows that I can do anything I put my mind to no matter how rough it is at the start," said Howland, referencing her early-season struggles in the event. "I will never forget the walk to the stage to receive my medal. It was amazing."

Howland also medaled in Oral Interpretation of Drama (OID), a group event that is akin to a short play. The five-person group consisted of herself, fellow senior Dylan Arends, juniors Emily Cunningham and Madison Mahoney, and sophomore Ethan Goldfish Vinson. Each credits the team's culture of hard work for their fourth place finish in the event. Vinson estimates that the time the OID group spent practicing together throughout the season topped 100 hours.

"There were some nights we spent hours trying to perfect the staging of a single scene," said Vinson. "It just shows that hard work truly pays off."

For the 25 member team, bringing another trophy to the halls of Lakeview is a satisfying cap to a season that began in October. For those returning next year, however, the achievement does not signal an opportunity to relax.

"We have so much potential to do more," said Schwarz. "We are ready to push on and work harder to make it happen."

If she and her teammates find themselves climbing that same stage again in 2019, their hope is to realize yet another goal—to take one step further.

## In & Around St. John's Lutheran School...

St. John's Lutheran School students had a special treat on Monday, April 16th. Jennie Williamson from Arison Records gave a concert at our church. They were in the area and were available to come and sing for the children. Christ Lutheran School students were able to join us! Many of our choir songs (Pearly White Gates) are from her "God is Great" CDs. She has just released a new CD. What a great way to start off our week in the joy of the Lord!

Our students and staff participated in the Wear Blue Day in recognition of Child Abuse Prevention. We all play a role when it comes to the healthy development of our nation's children. We all have the power to protect a child and it starts with just one phone call. A good number to keep in our phones is the Child Abuse/Neglect Hotline at 1-800-652-1999.

The Big Room students are working on their research papers. The 6th grade is writing about countries and 7/8th grade are researching an important event in US history. Jill from the Nebraska extension office came to teach the Big Room about college choices and careers. In Science the students will continue to dissect various animals, such as worms, frogs, crayfish and a fetal pig. We also had some fun when the 7th & 8th grades hosted the Easter Egg Hunt for the younger students and preschool and daycare kids.

Our 3rd through 5th graders hosting the 2nd grade during Kindergarten Round-up! We had a morning of prefix activities and games, checked out some chapter books, and enjoyed some challenging religion and math puzzle pages. The 5th grade students were challenged with a 6th grade spelling test, and enjoyed being a part of the Big Room. We've finished our earth science unit on rocks and minerals, and will begin a unit on weather—just in time for spring! As we look to the future, the students wrote about what their goals for the future are—remembering that in all things, they go with God's guidance always!

The Kindergarten through 2nd grade students are learning about 2 and 3-Dimensional shapes, telling time and measuring with various tools. They also participated in the Spelling Bee at Lakeview High School. They were excited to help be teacher helpers for our new kindergarten students at Kindergarten Round up. The new students got to have Jesus time, story time, math and writing activities, snack time, and arts and craft time. It is always fun to meet new students so they can share the love of Jesus and help them with all the fun activities that they do throughout the day.

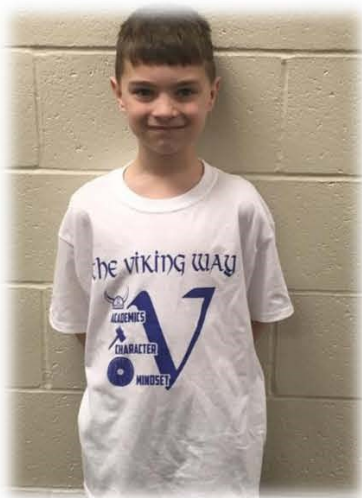

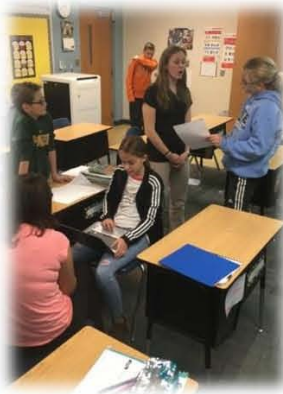

In Preschool News April Showers Bring May Flowers!" Nebraska doesn't always match the saying! The children colored a large flower and then made rain on it by dragging blue tempera paint from the top down using a comb. We are learning about the weather, gardening, and farm animals. We will be planting our very own little flower seeds in the upcoming weeks and watching them grow!

Lost items? We have an abundance of lost items in the school offices. Please stop in when you are at one of the elementary schools or Junior-Senior High School and claim what might belong to you or your child. We encourage you to mark your child's items for easy identification.

Platte Center students in grades 4-6 are once again enjoying rainbow trout in the classroom. This program is sponsored by the Nebraska Game and Parks.

Three times a week, students test the quality of the water including pH, Nitrite, Nitrate, and Ammonia. This data is then graphed along with the observations the students notice. This is the third year that PC students have done this project. We currently have 12 fish still alive. On April 26, grades 5 and 6 will be going on a field trip to Ak-Sar-Ben Aquarium located near Gretna. At this time, we will release our fish at the Canyon Pond at the aquarium. The students will also fish, hike and enjoy a food chain game.
