## From The Superintendent's Desk — By Dr. Plas

Thanksgiving is my favorite holiday of the year! It is a time for us to focus on all the positives in our life and give thanks. Like many others, I can get trapped in worrying about what is next, what would make life easier, and comparing to others but forget to give the proper amount of gratitude for the many gifts for which we have been blessed. With that said, here a few things I am thankful for at Lakeview:

- Some of the best students of any school system in the state of Nebraska
- A wonderful, caring staff that puts students first
- The Lakeview community that will do anything to help the district
- A supportive Board of Education with a deep passion for Lakeview
- A support staff that is second to none
- Amazing administrative assistants that do so much behind the scenes for our students
- A maintenance crew that keeps our buildings clean and safe
- A school nutrition staff that provides excellent meals every day to our students

It is nice to spend a day giving thanks for all of the positives in our life! I truly hope you and your family have a wonderful Thanksgiving!

### Annexation Information

The recent annexation by the city of Columbus of the Country Club Shores area set into motion state statutes that trigger a change in school district boundaries. State statutes dictate that when a city annexes a territory the school district boundaries shift to the city school system. These statutes also allow the school systems involved to negotiate terms regarding the student educations, taxing shift, and community plans. Columbus Public Schools and Lakeview Community Schools took the opportunity to sit down several times to try and negotiate what was best for their individual districts, patrons, and the residents of Country Club Shores affected by the annexation.

As with all negotiations, there are two sides to the story. It was in the best interest of Columbus Public to retain the rights to the Country Club Shores area because property taxes are a more stable funding source than state aid. In addition, they are currently educating 21 of the 25 students that live in the neighborhood. Lakeview wanted to protect its boundary and keep the district lines as they are currently written. In addition, their funding will now be more reliant on state aid through option enrollment instead of the more reliable source of property taxes.

Both school districts spent time talking about wanting to do what was best for the Country Club Shores residents because we felt for them having such a large change in taxes in such a short period of time. But also wanted to try and find a solution that would be best both short and long term for the individual school districts. There was no perfect solution, there was nothing that was going to match everyone's need, and there was nothing that was going to make everyone happy. It just wasn't possible in this unique and challenging situation.

But after meeting several times an agreement was reached! Lakeview and Columbus Public agreed to delay the shifting of the Country Club Shores territory into the CPS district for two years. This will mean the students will not become CPS resident students until the 2021-2022 school year and the tax shift from the LCS rate to the CPS rate will not take place until January 1<sup>st</sup>, 2022. In addition, any students currently in a school system will be allowed to finish in that same school system. This solution is not perfect but was the best possible agreement that could be reached with this difficult scenario.

## Is Your Child Vaping?

Dear Parent(s)/Guardian(s),

Lakeview much like many other schools in the area, continue to deal with incidents involving student vaping. Complicating this issue is that there is varying information and misunderstandings involving vaping and/or electronic cigarettes. The purpose of this letter is to inform you of the issue, give you resources if you feel your student is involved in this kind of behavior, as well as alert you to repercussions if your child engages in vaping on school property. We take this issue very seriously due to the negative health effects vaping can have on our students and often find that our parents are often not aware of the risks around vaping and what the devices may look like.

Vaporizers/e-cigarettes come in all different shapes. Some common styles we see look like a thick pen, a stylus for an iPad, a flash drive, or a small flask with a round chimney coming off the top. The devices are very small and can easily be hidden on a person or blend in with normal backpack items. The nicotine juices for these items are often fruit flavored. Like cigarettes, stores cannot sell vaping items to people under the age of 18. However, students report they purchase the devices online or buy from older siblings, friends, or unfortunately even parents.

Vaping in school or being in possession of a vape materials may result in school suspension time for students.

The Surgeon General reports that nicotine is addictive and can harm brain development, which continues until about age 25. We know that using nicotine may make it harder for school related tasks such as learning and concentration. In conversations with students, it appears that many are not aware of the harmful effects of vaping. Students either say they use nicotine-free liquid or that it is safer than tobacco cigarettes.

Here are some helpful resources you can use to talk to your kids about vaping. If you feel your child has already developed an addiction to nicotine, we suggest you reach out to your health care provider.

We hope you find this letter informative and understand our concerns about this potentially harmful issue. Our goal is to partner with parents to help support our students in making positive decisions for themselves and the high school community. We encourage you to have a conversation with your child(ren) about this topic. Thank you for your continued support of our school system.

## Helping Hands | Touching Hearts

She arrives at 8 a.m. and starts her schedule in 8th grade social studies. She then goes to seven different classrooms throughout the day. As the day ends for everyone else, she reports to the detention room for monitor duty. With only a 30 minute lunch break, this is Mrs. Sherri Johnson's life as a para. Paras have a tremendous impact on students' everyday lives. Throughout the Lakeview Community School district, there are forty-six paras.

The position of being a para serves many roles; they are classroom assistants, detention monitors, or librarian assistants. Many of the paras in the district are responsible for assisting a variety of students throughout the day.

Platte Center para, Mrs. Joan Wemhoff said, "I am active in at least three to four classrooms; each of which may have fifteen to twenty-five students. I arrive at 7:15 a.m. and don't leave the school until 3:30 p.m. everyday."

Wemhoff speaks on all para's behalf by saying that in her seven years as a para, her most essential role is the impact she has on a child's life. Just knowing that students have the ability to confide in her truly warms Wemhoff's heart.

Shell Creek Elementary principal, Mr. Doug Kluth, agreed that paras make a huge difference in students' lives, "Even with their extremely complicated schedules, the paras still find time to create bonds with the children."

The paras in the Lakeview school district are more than hard working. They go above and beyond to make sure that Lakeview students are getting the best education they can. Many students find that the paras stretch further than just the classroom and even help them with their day to day lives; they would be lost without them. Simply put, without the paras, Lakeview would not be the same. Paras everywhere are changing lives one smile at a time.

## Seniors...a reminder of what to do this fall

There's A LOT going on right now with the financial aid and college admission processes, but don't get overwhelmed! Here's a recap of tasks you should complete this fall to stay on track to college.

### Complete the Free Application for Federal Student Aid (FAFSA)

- First, create an FSA ID for you and one for a parent at [fsaid.ed.gov](https://fsaid.ed.gov). You'll need it to access and sign the FAFSA. [Click here](#) for instructions.
- Review our [FAFSA Checklist](#) for a list of items to gather before you start the form.
- Complete the FAFSA at [fafsa.gov](https://fafsa.gov). You may also complete it via the new myStudentAid app for iOS and Android.
- For *free* help with the FAFSA, see [FAFSA Tools](#) at EducationQuest.org or call EducationQuest to make an appointment: Omaha – 888.357.6300, Lincoln – 800.303.3745, Kearney – 800.666.3721, or Scottsbluff – 800.303.3745, ext. 6654.

### Apply to your top college choices

**Get serious about applying for scholarships.** See [ScholarshipQuest](#) at EducationQuest.org for Nebraska-based scholarships and a list of national search sites.

## Juniors...start researching colleges

If you narrow your college choices by the end of your junior year, your senior year will be less stressful. Here's how to get started:

**Review [College Profiles](#) at EducationQuest.org** for information about colleges in Nebraska and across the country. If you're interested in an out-of-state school, check out the [Midwest Student Exchange Program](#) to learn about tuition discounts.

**Meet with college representatives** who visit your school, and then visit the websites of the colleges that interest you to learn more about the schools.

**Once you've narrowed your choices, [schedule campus visits](#).** Try to visit in the spring of your junior year while colleges are still in session.

For more tips, see the [Selecting a College section](#) at EducationQuest.org.

---

### You app-solutely need this to stay on track to college!

## In & Around Shell Creek Elementary School...

### 5<sup>th</sup> Grade

On Sept. 20, Cornhusker Public Power came to share with the 5th graders the importance of power safety. Students learned about the difference between insulators and conductors and what some of them look like on power poles. They also demonstrated many electrical mistakes that happen in and around neighborhoods and homes. A lineman even climbed a telephone pole outside the school for us, after showing us the different parts of their work gear they wear. Thanks for coming out Cornhusker Public Power! Our students are now much more knowledgeable and can help their families be safer around electricity and power units.

On Sept. 20, the Platte County 4H Extension Office came to share with the 5th graders the different types of leaves/trees in Nebraska. Students learned about the different ways to classify leaves by observing their different parts, structures, and colors. They were able to observe many different samples of leaves from different types of trees and compare them with each other. Students were then able to make leaf prints with their leaf samples. Thanks for the learning experience!

### Beef in Schools

On Thursday, October 4, Mr. Witt and 3 high school FFA members grilled hamburgers for “Beef in School” day. Smells of grilling wafted through the gym, creating an atmosphere of a backyard barbecue. Thank you to Stan Rosendahl for lending us his deluxe grill, thank you to Mr. Witt and the FFA members, and thank you to the donors of the beef! The kids **loved** the burgers!!!

### Troupe Encourages Respect!

5<sup>th</sup> and 6<sup>th</sup> graders were presented a very timely message from 3 actors on Respect and Bullying. The troupe from Omaha acted out several different scenarios depicting forms of bullying and how to respond as a target or a bystander. A group discussion, led by the actor-educators prompted roll playing by our students. For more information, visit [respect2all.org](http://respect2all.org)

## In & Around St. John's Schools...

Greetings from St. John's! We enjoyed our all school annual field trip to Seward for the Plum Creek Festival. We got to hear and learn about well-known authors and some of us purchased books. We had a phenomenal time!

We are all excited to celebrate Oktoberfest in our school gym, Sunday, October 21!

In Preschool we have been learning about fire safety and visited the Columbus Downtown Firehouse! We had a wonderful time learning about and seeing not only a big fire truck but also an ambulance. Thank you to the Fire Fighters and EMT's that work so hard to keep us safe!

In the Little Room (K to 2nd grade) we are busy learning our math facts. It's more fun to learn them if we get to sing them!

In the Middle Room (3rd to 5th grade) we have started our first actual writing assignment in English. We went to Seward and listened to Chris Grabenstein, who has inspired us in our writing process!

In the Big Room (6th to 8th ) we have been busy learning as well. We have started Confirmation this month. We went to Pawnee Park for Orienteering and GPS activities. We learned through various games and challenges on how to use a compass and GPS. We had so much fun, the weather was nice that day too!

We are all excited to attack our 2nd Quarter goals with Accelerated reader and our grades!

## In & Around Christ Lutheran Schools...

On October 12, Mr. Eric Lundsford, an LCMS photojournalist for the LCMS Communications magazine, Engage, visited Christ Lutheran School. Christ Lutheran School along with Lutheran High Northeast in Norfolk will be featured in his article about Lutheran parochial schools in Nebraska. Dear Parents,

Did you know that children who are active and eat right are more likely to do better in school, feel good about themselves and live longer? It's true.

Within the last year we have been working to create a healthier environment for our students. The Lakeview Wellness Policy Team encourages you to support our school wellness policy implementation. We currently have a variety of ways to offer healthy food choices throughout our school-in the school meal programs, vending machines, classroom celebrations and at school-sponsored events. We are also supporting nutrition education and physical activity. Here is a few of the things your students could become involved with to become a healthy student.

- \*Morning Weights
- \*Jump for Heart
- \*Fun Runs
- \*Viking Venture
- \*Sports Activities
- \*Eating a Nutritious Breakfast
- \*PE/Health & FCS classes teaching Healthy Food Choices and ways to become Active

Our team meets quarterly and we welcome anyone with an interest in student health to attend. You can find information about meetings on our school website.

If you have questions or comments, please feel free to call me at 402-564-8518 or send an email to [jsloup@lakeview.esu7.org](mailto:jsloup@lakeview.esu7.org).

Sincerely,

# MYPLATE GUIDE TO SCHOOL BREAKFAST

*for Families*

Fruits

## FRUITS

A full cup of fruit is available every day, providing nutrients that are important for kids' health, such as potassium, dietary fiber, vitamin C, and folate (folic acid).

MILK

Dairy

Kids and teens need the calcium, protein, and vitamin D found in milk for strong bones, teeth, and muscles.

Vegetables

## VEGETABLES

Every breakfast does not include vegetables, but schools may offer them in place of fruits.

Protein

## PROTEIN FOODS

Some breakfast menus may offer items such as eggs, nuts, or meats to pair with whole-grain options.

GRAINS

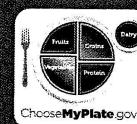

Grains

Starting every day the whole grains way gives kids and teens B vitamins, minerals, and fiber to feel fuller longer so they stay alert to concentrate at school.

Visit [teamnutrition.usda.gov](http://teamnutrition.usda.gov) for additional tips and activities.

# HOW DOES SCHOOL BREAKFAST HELP FAMILIES?

## Fuels learning

Kids and teens can concentrate on their schoolwork better when they're not hungry. Studies show that kids do better in school when they eat breakfast.

## Provides better nutrition

Studies show that people who eat breakfast have higher intakes of dietary fiber, B vitamins, calcium, iron, and other nutrients.

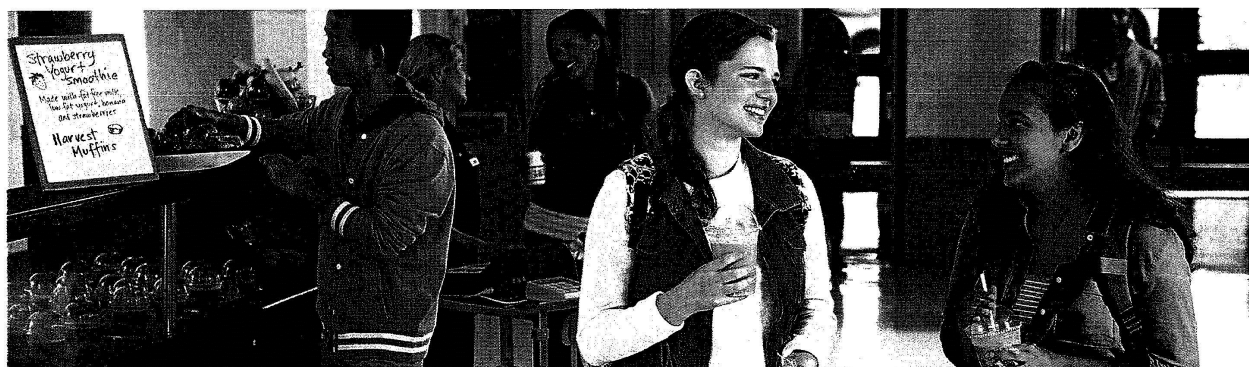

## Saves time

School breakfast can simplify mornings for families by offering kids and teens healthy options that fit into their schedule.

## HOW CAN FAMILIES HELP THEIR CHILD EAT A HEALTHY BREAKFAST?

- Read the menu with your child to make sure your student knows about all the foods that are included in their school breakfast.
- Find out how your parent organization can work with school nutrition professionals to promote breakfast options at your school, such as Breakfast in the Classroom.
