From The Superintendent's Desk — By Dr. Plas

Below is an editorial I wrote that was published in the January 12th edition of the Columbus Telegram. If you have any questions, please feel free to contact me by phone at (402) 564-8518 or by email at aplas@lakeview.esu7.org.

The legislative session has begun, which means another year of public schools having to defend themselves against things like continued budget cuts, property taxes levied, ranking of schools, test scores, and a myriad of other standard political hotbed topics. Unfortunately, over the last several years, schools have gone from places that were seen as an investment in our society to places that now must fight to remind political activists that they are here to educate our future. Public schools are now forced to constantly show our politicians that education is not a place to skimp, but a place that should be grown to improve our society long term. Public schools must also tell our story that we are not what we were years ago, but places with changing student demographics, increased regulations, and additional educational focuses including career development, early childhood education, special education, physical education, and mental health.

Although this task of reminding people about the value of a good education can seem daunting, the one thing I know about educators is that they will work tirelessly to help educate and teach state senators and lobbyist all the great things that public education is doing for our children and communities. There will no doubt be some that try to hack and slash public education's credibility throughout the session, but we will continue to pour our heart and souls into the children that will make up our next generation. During this onslaught, public education will continue to find ways to do more with less because we want to model the same grit and resiliency we try to teach the children. In addition, public education will continue to scrutinize our expenses to ensure we are using tax dollars wisely for what we perceive as the best educational return. We do this not because of legislative pressure, but because we care about the development of kids and are governed by hardworking locally elected officials.

I am not certain when public education became a place that needed to be constantly defending its craft, but that is the current political climate. Public education serves almost 87% of all children in the state of Nebraska and, in my opinion, the money that is being spent is a great use of our dollars. It is a way for us not only to support and educate our youth, but it is an investment in our communities, our workforce, and our society. These discussions on education always remind me of a quote by Ben Franklin that states, "An investment in knowledge pays the best interest."

State Leadership Conference

The Lakeview FBLA Chapter has been hard at work preparing for our big conference to be held in April. Members have been getting ready for the State Leadership Convention in Omaha. State Leadership Conference provides the opportunity for members to compete in objective tests and/or performances in business-related events. There are also sessions and keynote speakers to enhance student's experiences and help build them professionally. The chapter is excited to compete and showcase our work. SLC work days are displayed on the bulletin board for members to attend.

February 4-8 is FBLA Week. To get our members involved with each other, we will hold a variety of activities. There will be an event held each day to celebrate FBLA and spread our message. Lakeview High School Journalism | Vol. 5 | February 2019

Every year a story is written and every day a page is turned for these hidden heroes. Librarians, also known today as Library Media Specialists, help students become something they have always wanted to be. These teachers of imagination create a world for the students in which they can escape. A librarian can be the first person to spark a child's imagination.

In fact, Shell Creek library media specialist, Mrs. Wonda Borowiak said, "The students are more motivated to read these days." The impact librarians can have on students is unimaginable and the amount of skill librarians need is a whole different story.

The librarians in the lakeview school district need to be skilled in many different areas. They not only endure the stresses of the library, but also they help out in many other aspects of the workplace.

High school library media specialist, Mrs. Lacey Luebe said, "The most stressful part about my job is not being able to help everyone." Luebe not only serves the students and staff at Lakeview High School, but she also spends part of her time assisting Platte Center and Shell Creek Elementary schools. Luebe is a teacher at heart and her position focuses on that passion. She teaches library skills and provides teacher assistance at the elementary schools. At the high school, she wears many hats as the librarian like, assisting teachers, being a Google and website administrator, as well as working directly with students both during and after the school day.

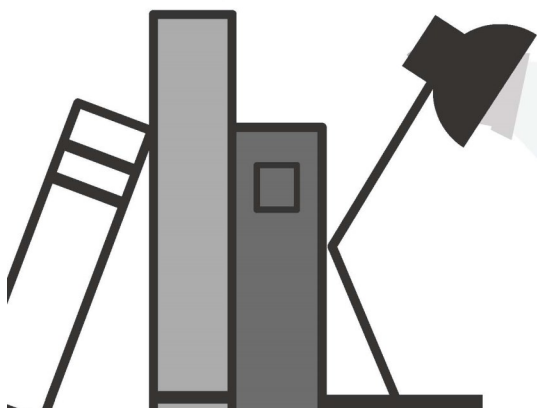

Platte Center library media specialist Sheri Wessel agreed that there are many areas that the library media specialists cover, but she also said, "I enjoy the job too much for it to be stressful." The impact librarians have on students' lives does not go unnoticed.

Wessel said, "I've never really realised that I have had such an impact," but continues on to describe instances where students, many years down the road, have sent her sentimental gifts of thanks.

With each gift, she falls into the realization that she does, in fact, have a long lasting impact.

With more thought Wessel said, "I can see my impact in their eyes and reactions everytime they pick up a book."

So, in turn, librarians, who are true teachers at heart, teach lessons that live on in their students through the stories and characters in the pages they bring to life.

MAKE IT A NOVEMBER TO REMEMBER!

In & Around Platte Center Elementary..

Circle of Friends: Our Circle of Friends group has done some fun projects this year. Earlier this year they drove out to Jim Mueller's farm and picked up sticks and branches for him. Jim gave them a tour of all the animals he has. In December, they went to Brookstone in Columbus to play games with the Senior Citizens. They are learning some very valuable lessons in volunteering to help others and also social skills.

1st Semester AR Party was held on Friday, January 11, for those students who met their 1st semester goal. "Because of Win Dixie" was shown in the gym with treats handed out. Every student who achieved their goal was featured as a Mario character on the AR bulletin board. This year's theme, "Today a Reader, Tomorrow a Leader. Level UP!", is being enjoyed by the students! They are all excited to see who they are morphed into!! Good Luck in the 2nd Quarter. Level Up!!!!!!

In & Around Shell Creek Elementary...

The Shell Creek Student Council members organized a Food Drive to support the Columbus Food Pantry. Shell Creek Elementary surpassed their goal of 572 by donating 700 food items! Thanks for everyone's support and generosity, it is greatly appreciated!

3rd Grade

Students in Mrs. Rodehorst's class exchanged Christmas cards with other 8 and 9 year olds from Poland. The students are learning about life in another country and even though they live so far away, they aren't that different.

In & Around Christ Lutheran Schools...

The 6th-8th grades spent their first days of the new semester out of the classroom. The students were able to enjoy some beautiful weather for their field trip this year. On Thursday, the students left school and traveled to the SAC museum, where they were able to see some very old, unique, and interesting aircraft. Then they traveled to the Union Pacific Museum where they learned about the Transcontinental Railroad and were able to use primary sources to create a model of their own exhibit. On Friday, the students took in the Durham Museum's exhibit of Thomas Mangelsen's Photography and explored the rest of the museum. Finally, the trip ended with a skiing trip to Mt. Crescent. It was a great adventure!

In & Around St. Johns Lutheran School...

Greetings from the staff and students of St. John's Lutheran School

Our first semester chapel offering was given to Rev. Anthony and Jamie Diliberto as they serve as missionaries in Puerto Rico. Anthony and Jamie write, "Please pray as we reach out with the team to the people of Puerto Rico with the Good News of the Gospel, we would 'resolve to know nothing but Christ and Him crucified for the free forgiveness of our sins' (1 Corinthians 2:2). Please pray for the mission work and church planting in Puerto Rico. May every single human care activity we're involved with point people to Christ, whose death on the cross was the ultimate manifestation of God's mercy for all humankind." We were able to give them \$627 for their ministry.

National Lutheran Schools Week is to celebrate all the Lutheran schools nationwide. This year our theme is "Real Present God", focusing on Psalm 46. We are looking forward to the events that will happen during this exciting week, January 28 to February 1. On Monday we will get to see an Illusionist, where we will join students from Immanuel Lutheran and Christ Lutheran. On Friday we travel to Christ Lutheran for a concert. All week long we will have dress up days where we are to participate in a fun dress up day!

We look forward in participating in the National Geography Bee! Students are practicing their skills!

We are excited for the Basketball Season that has begun. Our season with Christ Lutheran has 7 Boys and 7 Girls on our teams! We have games with other Lutheran Schools in the area. Our season will end with the Seward C-Club Tournament the last weekend in February.

Share God's Love!
